Matric

OTHER QUALIFICATION

Diploma In Information System Management

PROFILE

I am a passionate and self-motivated Web Developer currently pursuing my studies at Aptech, while also enhancing my skills through self-learning and hands-on projects. With a strong foundation in HTML, CSS, JavaScript, Bootstrap, jQuery, PHP, and MySQL, I have built multiple personal and freelance projects, refining my expertise in front-end and back-end development.

I am always eager to explore new technologies and frameworks to stay updated with industry trends. My goal is to develop innovative, efficient, and user-friendly web applications that provide seamless user experiences. I thrive in collaborative environments and am always looking for opportunities to contribute, learn, and grow as a developer.

EXPERIENCE

Freelance Web Developer
(Jan 2024 - Present)

Designed and developed multiple web applications using PHP, MySQL, JavaScript, and Bootstrap.

Built and deployed personal projects like Gift Plaza Website, Vaccination System, and Hotel Booking System.

Worked on custom CMS, e-commerce platforms, and database-driven applications.

Continuously learning React and modern frameworks to enhance development skills.

PROJECTS

Home Interior Website (HTML, CSS, Bootstrap-based design)

Vaccination System (Dynamic system with database integration)

Gift Plaza Website (E-commerce project using PHP & MySQL) etc.
